Note from Chad:

It has come to the attention of the board that we may not be doing a very good job of communicating to the Lodge members where exactly the building fund money has been spent over the course of the last year or so. We started the building fund to update our lodge with some lofty goals of replacing the carpeting as well as the cedar shakes on the front of the lodge, in addition there were several other smaller projects that we wanted to work on as well. As you can see we have not achieved the carpeting and shake projects however they are still goals! We have however had to make repairs to several pieces of equipment and make several purchases to better the lodge all of which were made possible with funds from the building fund. Below you will find a list of those items. We will continue to raise funds with our major project goals in mind!

Thank you for your continued support of our Lodge!
